at Wyke Mark

## Stannah Passenger Lifts at Wyke Mark

UK manufacturer Stannah have installed four 'Piccolo' six person passenger lifts in an exclusive retirement development in the historic city of Winchester.

Wyke Mark is designed for mature people who value the freedom to live life as they please in beautiful surroundings

Designed, built and managed by English Courtyard the 25 two and three bedroom apartments at Wyke Mark are the height of luxury.

**Stannah –  
The largest independent lift  
manufacturer in the UK**

Kevin Holland, Sales & Marketing Manager for English Courtyard comments:

"We were pleased to use lifts from Stannah at Wyke Mark.

As a Hampshire manufacturer Stannah was able to respond to our needs on site quickly and efficiently with the minimum of fuss. The finished products blend beautifully with the development's interior finishes and afford all our residents easy access across the whole site."

### A lift to every apartment

Wyke Mark enjoys an attractive courtyard setting with lawns, fountains and landscaped surrounding parkland. Every apartment has it's own patio, balcony or roof terrace and all apartments are reached by way of a lift.

The Stannah Piccolo lifts have easy controls, good lighting, attractive finishes, all in keeping with the ambience of Wyke Mark and adding to the carefree living feel of the development.

All Stannah lifts are manufactured in Andover, Hampshire and meet all the latest design, safety and accessibility regulations that ensure they more than meet the exacting standards of Stannah and English Courtyard alike.

### UK wide

Stannah have branches right across the UK ensuring that all their installations are maintained to the highest standard. English Courtyard have over 30 developments in 20 counties of the UK. Each home is designed for maximum comfort and minimum resident maintenance, leaving time for enjoying life to the full.

Stannah's System 21 hydraulic passenger lift range is designed to provide lifts for 6 -16 persons. Most models can be supplied structure-supported to fit almost anywhere. Motor-roomless options are also available.
