

Stannah Passenger *lifts* at Weybridge

Stannah Passenger Lifts and Charles Church - a stunning combination

A stunning glass lift from the UK lift manufacturer, Stannah, is the centrepiece of a new prestigious development by Charles Church.

The highly desirable apartments in Weybridge, Surrey are housed in 'Newlyn', an impressive, classical building offering 22 outstanding homes. Internally the building reflects the reputation Charles Church has earned through building with exacting standards, attention to detail and the best features of modern living.

**Stannah -
The largest independent
lift manufacturer in the UK**

STUDY
CASE

John McSweeney, Sales Director of Stannah Lifts comments:

"The glass Stannah Maxilift installed at 'Newlyn' demonstrates the flexibility of our comprehensive range. We are proud of our excellent manufacturing reputation and are happy to adapt our systems to accommodate the special requirements of our customers to help them achieve their objectives."

Stannah Maxilift

To compliment the stunning interior of the development, Stannah were delighted to demonstrate the flexibility of their passenger lift range by manufacturing a 13 person Maxilift with glass walls. The lift travels over three floors via a glass lift shaft uniquely revealing the hydraulic technology within the shaft.

Quality Manufacture

Stannah Lifts are the UK's largest independent lift manufacturer. With over 150 years experience Stannah's award winning range of low to medium rise lifts has the flexibility to meet unusual specifications without compromising on quality - quality that is synonymous with both Charles Church and Stannah.

Stannah's System 21 is a comprehensive range of hydraulic passenger lifts, 4-16 person, for low to medium rise buildings. New motor-roomless options available.
