Lift maintenance, service and repair

What can we do for you?

You may be surprised at how Stannah have grown. We have expanded our product range and services, quietly and confidently. We now offer our customers a complete range of lifting solutions to move people and goods efficiently, reliably and safely - right across the UK. We are proud of our reputation for outstanding customer service, delivered from fifteen locations, nationwide. Whatever your lifting requirement, Stannah will provide a solution.

Stannah experience and expertise

Our experience of the lift industry is virtually unsurpassed. Established in the mid-1800s by Joseph Stannah, the company is still wholly-owned by the Stannah family.

From the very beginning our business has been rooted in engineering. Starting with hoists and cranes, our business has expanded to include passenger lifts, goods lifts and more recently, the supply, installation and maintenance of bespoke large lifts, escalators and moving walkways.

Today the Group has worldwide subsidiaries and is home to the manufacture of passenger lifts, platform lifts, 'the world's most chosen stairlift', and distributors of goods lifts, escalators and moving walkways.

A full range of products and services

Every day Stannah provides a wide range of safe and reliable solutions to the challenge of moving people and goods up and down buildings right across the UK.

Our total engineering capability through design, manufacture, installation and maintenance means you really can rely on Stannah for all your lift product needs.

Nationwide service from local branches

At Stannah we maintain, service, repair, modernise and refurbish all types of lifts, escalators and moving walkways, not only those from our own product range, but also other lift manufacturers' equipment.

This nationwide service is delivered locally from 11 locations by over 300 highly trained engineers.

Our priority is quite simply to meet the needs of our customers and support them as lift owners/users. Our aim is to provide service of the highest quality, quickly and efficiently. Our promise is 'always true to our word'. To ensure we can keep our promise we continually invest in our staff and operations.

“Our beautiful new showroom is laid out over ground and mezzanine floors. We wanted to find a stylish and practical way to encourage customers to visit the whole store. Stannah’s solutions are both attractive and practical.”

Andrea Johnston,
General Manager at Glasswells, Ipswich

Escalators and moving walkways

Stannah escalators and moving walkways are designed and manufactured to cover all commercial, industrial and public transport applications. With a wide range of finishes and materials available for each type, they provide a flexible selection of arrangements that will match and enhance both the appearance and operation of any building or infrastructure development.

“The Scarlet Hotel is a haven of peace and sustainable opulence. Every care has been taken to enhance customer and staff comfort, including the provision of a luxury passenger lift. This reliable Stannah product will discreetly improve our service and help us maintain the safe movement of people and goods.”

Nikki Broom, General Manager, Scarlet Hotel

Passenger lifts

After talking to our customers and utilising our excellent in-house design and manufacturing facilities, we have created a superior range of passenger lifts that are both mechanically and aesthetically outstanding.

Stannah offers the choice of space-saving motor room-less lifts with both traction and hydraulic drive systems, up to 33 person capacity, meaning you can always specify a Stannah passenger lift that will best meet your requirements.

Bespoke lifts and major lift refurbishment

Stannah provides a comprehensive lift refurbishment and modernisation service for all types and makes of lift.

We also supply bespoke solutions for larger or special lifts when a lift from our standard range does not meet your requirements.

Our bespoke lifts are individually designed and installed for very special applications, with dedicated project managers who provide outstanding customer support.

Keeping your lift operating safely within the current lift guidelines and regulations may involve action beyond the regular maintenance and repair regime. Modernisation may mean the updating of operating switches and drive systems; major refurbishment projects usually involve the installation of an entirely new lift within an existing lift shaft.

Whatever your day involves, it will

You may not notice how essential lift products are to day-to-day life, but they are there, working behind the scenes to help everyone move around easily. Ask the chef and waiter who rely on their service lift, the hotel manager whose premises would come to a grinding halt without a whole range of lifts which move people and goods. Imagine your favourite department store without escalators or lifts, the supermarket with no access to the first floor apart from the stairs.

Life happens and we help it happen smoothly.

probably include a lift.

Stannah

Platform lifts

Stannah offers a range of vertical and inclined platform lifts to help provide access for people with impaired mobility. Ideal for installation in public buildings in leisure, education, retail and commercial markets; these lifts will help premises meet the requirements of the DDA, BS8300 and Part M of the Building Regulations (England and Wales) and Section 4.2 of the Technical Handbook (Scotland). They offer a range of platform sizes, internal or external options and travel up to nine metres.

Stannah service and goods lifts installed in the UK

Stannah offers a comprehensive range of dumbwaiters and service lifts through to larger goods lifts, some with attendant control, carrying up to 3000kg. All our lifts will help you meet the requirements of the Manual Handling Regulations and are ideal for installation in a wide range of applications including restaurants, pubs and clubs, retail outlets, offices, medical centres and hospitals, warehouses and factory/industrial premises.

All of Stannah's goods lifts will help you meet the requirements of the Manual Handling Regulations.

A woman with brown hair, wearing a green ribbed cardigan over a white top, is smiling and holding a large loaf of bread wrapped in clear plastic. She is standing in a bakery or grocery store, with shelves of various breads and jars visible in the background. The lighting is warm and bright.

we’d be lost
without it”**

Maintenance, service and repair

We have over 140 years of experience and expertise in the lift industry. Our skilled engineers have the knowledge and ability, through continuous training and our commitment to 'Investors in People', to maintain and repair lifts with the minimum of fuss. We currently look after more than 81,000 lifts across the UK, from 11 local service branches.

Service contracts

Stannah offers a complete range of lift service contracts, from a single lift to a full portfolio of lifts, escalators or moving walkways on multiple sites across the UK:

- Service contracts – for passenger lifts and goods lifts
- Multiple site contracts – for lifts on multiple sites across the UK
- Local Authority contracts – for managers of tenants' stairlifts and domestic lift stocks
- Stairlift servicing – for individuals with a stairlift at home

Portfolio management

We recognise that many of our national customers require extended portfolio management as they may have a wide range of lifts, escalators and moving walkways in premises across the UK. This service is co-ordinated by our National Contracts Team, with Key Account Managers providing the best possible service.

At Stannah we maintain, service, repair, modernise and refurbish all types of lifts, escalators and moving walkways, not only those from our own product range but also other lift manufacturers' equipment.

Stannah help people get on with their lives. Whether it's a lift at the station, a dumbwaiter at the coffee shop, a passenger lift at the office, a platform lift at the library, an escalator in the shopping centre, a moving walkway at the supermarket, a goods lift at the pub or a stairlift at home – we are there quietly helping life happen.

We design, manufacture, supply and install lifts to help life flow. We do this with the utmost care for our customers, our passengers and our staff. Our products are quality engineered, safe and reliable and supplied in the knowledge that we can maintain them 24/7 – efficiently via our service branches right across the UK.

By continually investing in new technologies, new products and our highly trained nationwide workforce, we deliver value-for-money excellence. We are proud to be an independent family company whose specialist product and service divisions give our customers expert support right across our portfolio.

Passenger Lifts

Escalators and Moving Walkways

Platform Lifts

Service and Goods Lifts

Lift Refurbishment

Stannah products and services

Passenger lifts

We first engineered passenger lifts in the 1860s. Today we offer our customers more choice and flexibility. Our MRL lifts are hydraulic or traction, wall-mounted or structure-supported, low or medium rise to carry from 6-33 people and we have a wealth of finishes to enhance any interior.

Escalators and moving walkways

Stannah supplies, installs and maintains a range of escalators and moving walkways for applications across the UK. These products are maximising useable space in retail environments and moving people safely and efficiently in busy public areas.

Platform lifts

Our economical platform lifts solve thousands of access problems every day. They are a simpler alternative to a traditional passenger lift for

buildings that do not have constant people traffic. Designed to carry up to four passengers, platform lifts are supplied in their own structure so can go almost anywhere.

Major lift refurbishment and bespoke lifts

Stannah undertakes special lift refurbishment and modernisation projects, often to maximise the use of new technology and save operating costs. We also supply and install bespoke lifts for unique places, working with our clients to their specifications.

Service and goods lifts

When it comes to moving anything from hot plates to heavy goods pallets, Stannah can provide the solution. The Microlift is Europe's best selling dumbwaiter for loads from 50-100kg. Our Trolleylift range can

handle loads up to 300kg with floor-level loading when required. When loads up to 1500kg need to be moved the Goodsmaster range, which includes an attendant controlled lift, is the answer. Our heavy duty solutions for loads up to 3000kg complete the range.

Lift service and repair

We provide local service, nationwide, from our network of branches across the UK. Our highly trained engineers look after thousands of lifts 24/7, 365 days a year – our own products and most types of lifts from all other manufacturers.

And last but not least...

Stairlifts

Stannah stairlifts are as stylish as they are practical. Since 1975 over 500,000 units have been sold worldwide, making Stannah global market leaders in stairlifts.
