

Midilift XLplus finishes

The Stannah Midilift XLplus is a platform lift with an enclosed cabin which moves safely within its own shaft. The shaft and cabin can be part or fully glazed and the range of finishes available will complement any surrounding décor or can match existing Stannah lifts within your building.

Style

Custom

The Midilift XLplus car can be supplied in either a **Style** or **Custom** finish - please see oveleaf for full details.
