

The Midilift

Executive homelift by Stannah

Stannah

Enjoy the ultimate luxury
in your own home...

An executive homelift will add luxury and freedom to your life and value to your property too. Give your home a permanent 'lift' and a future of being fully accessible to you, your guests and your family. It's the ultimate statement, a lifestyle choice and a useful and practical addition to any home.

At Stannah we have been providing lifts for generations, in fact for over 150 years. Since those early years we have been constantly innovating in order to help make our customers' lives that little bit easier. Bringing together tried and trusted engineering with the latest in lift product design, our Stannah Midilift offers total accessibility over two or more floors – what a luxury!

Welcome to the Midilift

A lifetime of travel over two or more floors

Our Midilift executive homelift brings the convenience and luxury of a traditional lift to your home. The lift will provide travel over two floors or more and is suitable for both new building projects and retro-fitting into traditional homes. Installing this type of lift is an investment in your property. The Midilift is designed to take five people or a wheelchair user over several floors – smoothly, quietly and safely. Just think of all the trips upstairs you make carrying awkward loads, all taken care of. Manufactured by Stannah in our UK factory, thousands of Midilifts are in use in homes and businesses across the UK. Our proven technology coupled with our nationwide service ensures our lifts run smoothly and efficiently for years, adding a lifetime of value to any home.

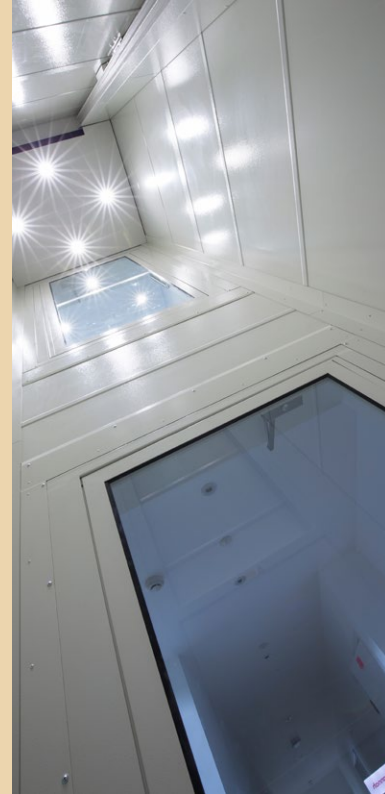

- Perfect for frequent travel over two or more floors
- Carries up to 400kg or five people and can accommodate wheelchairs
- Choose from our Midilift SL traditional moving platform or the Midilift Plus cabin lift
- Four platform and cabin sizes available and choice of entrance arrangements make its position flexible within your property
- Operates at the touch of a button, smoothly, efficiently and quietly
- Powered door for easy entry/exit
- Structure supported enclosure
- Wide choice of finishes and options available for you to customise your lift
- External models also available – so this lift can be fitted to the outside of your property

Easy access to all floors in your home

Fully customisable to blend into its surroundings

Internal view of the self-supporting structure

Discreetly fits into any environment, whether modern...

...or more traditional

The Midilift range offers an array of configurations for you to find your perfect fit. Choose from a range of platform sizes or opt for a cabin, giving the look and feel of a passenger lift.

Customise your lift to blend seamlessly into your existing decor, or to stand out in your new build or conversion project.

With a wealth of options, doors to match the house interior and lift finishes to make your lift unique - with a Midilift executive lift the choice of product and options are endless.

Key features include:

- Energy saving LED lighting throughout the lift
- Powered doors for easy access
- Notification of floor level and travel direction
- Two-way intercom communication system
- Fold-down seat
- Back-up battery pack allows return to the ground floor in the event of a power failure
- Available with a fully glazed cabin and structure

Unrivalled service from Stannah

Stress-free installation

You can relax from the moment you choose your Midilift, simply rely on us to make the whole process as smooth as possible. We will work with you and your architect and/or builder to ensure any pre-installation work is completed in preparation for your lift. Our expert Stannah installers will agree installation at a time to suit you. This may take up to several days, depending on your unique requirements, and only once your home is looking perfect will your lift be handed over to you, to enjoy every day.

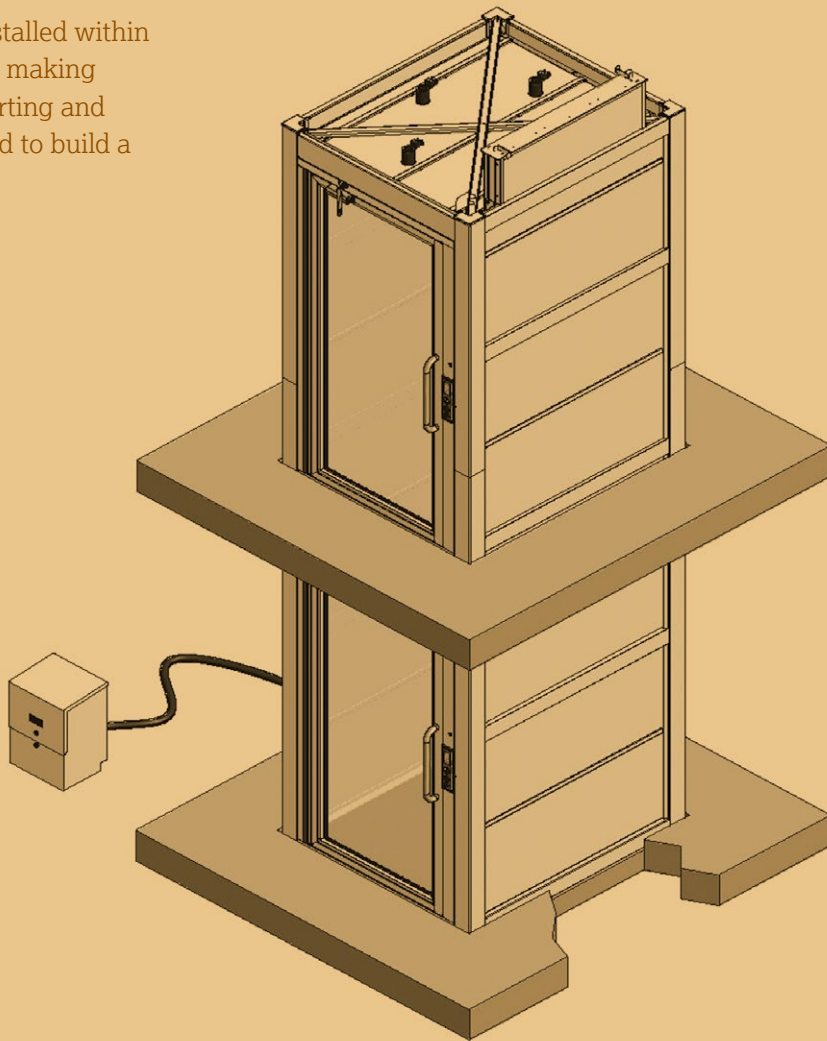

Continued care

At Stannah, after-sales service is our business too. We look after more than 92,000 lift products across the UK from eleven local service centres, nationwide, so a Stannah service engineer is never far away. Your new Midilift homelift is supplied with a one-year warranty for your peace of mind. This includes four service visits. When your homelift warranty is due to end, your local service branch will be in touch with details of our service plans. Just like your car, your lift needs a little engineering expertise to keep it working to its full potential. For additional peace of mind, our own UK-based call centres are available 24/7 to offer practical, helpful support around the clock.

Future-proof your home with our
